Introduction

- A customer will search for a favorite restaurant, usually filtered via type of cuisine and choose from available items, and online system.

Exciting features

- Mean Menu
- Order Creation
- Modify Order
- Generate Bill
- Cancel Order
- Online Payment

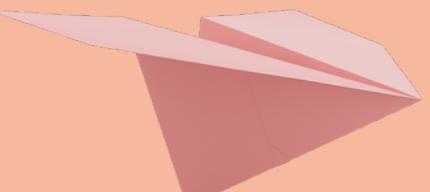

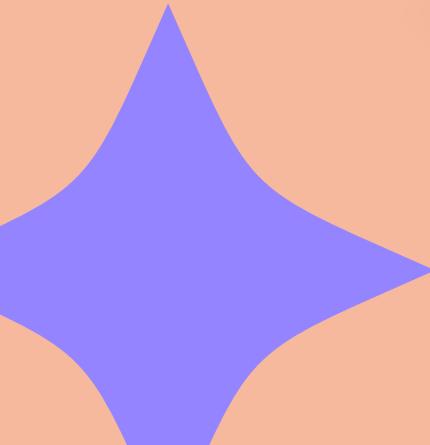

Purpose

- One more purpose is to allow customers to place order online using interactive menu so that they can receive order at home.
- Allow customer to pay online.
- This system reduces the time consumption
- This project helps the management to know customer order details in few seconds

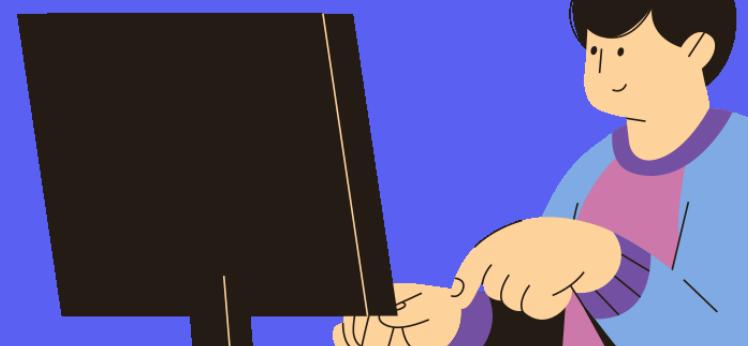

Main Menu

-----<Food Order for DIU Food Court>-----
